Quartz Mining Land Use Application Process Within Municipal Boundaries

**Contact Planning Office, Municipal Government to:**
- Discuss zoning and official community plan impacts on proposed program.
- Acquire advice or direction on municipal development permitting requirements.

**Note:** If your program is considered within the Class 1 thresholds you may still require a development permit. Please ensure that the municipal planning office is aware of the land use activities that are proposed even if you do not require a mining land use authorization from YG.

**Contact Mining Lands Office (MLO) to:**
- Ensure program is within threshold limits.
- Ensure information provided is complete.
- Complete Application Form. Describe the proposed work and outline reclamation and proposed mitigation work.
- Submit Application Form to MLO with fees.
- Once Application Form and fees received, application officially entered into mining lands public register.

- It is highly recommended that the proponent contact affected First Nations in area to discuss program.

- MLO determines if application is subject to YESAA thresholds.

- YES
  - Contact YESAB Designated Office (DO).
  - Complete and submit YESAA Form 1.
  - YESAB DO determines if proposal is adequate.
  - YES
    - Municipal Decision
      - Municipal government inputs into YESAA process regarding:
        - Planning and zoning in area of proposal.
        - Identifies any required mitigations that may deal with issues related to community interests specifically where bylaws require certain conditions (e.g. noise, times of operation, setbacks from other land uses).
  - NO
    - Clarification and additional information may be requested by the YESAB DO.

- NO
  - Proponent works with Municipal government to resolve issues.

- YES
