### Mineral Potential, Lands and Economic Development

#### MINERAL DEPOSITS

**Commodity**
- Antimony
- Coal
- Copper
- Gold
- Iron
- Lead/Zinc
- Molybdenum
- Nickel Al-PGE
- Silver
- Tungsten

**Deposit Type**
- Carbonate-hosted
- Alterative Breccia associated
- Mafic/Ultramafic associated
- Pyrophyllite/Skewed Vein
- Skarn/Replacement
- Vein/Braccia
- Volcanic Associated

Note: Large symbols indicate NI 43-101 "compliant resource." Small symbols indicate non-compliant historic resource.

#### INFRASTRUCTURE

**Road Features**
- Primary Highway
- Secondary Highway
- Road
- Resource/Historical Road/Trail

**Proposed Infrastructures**
- 1942 Surveyed Railway Route
- Pipeline Route
- Upgrade existing to 138kV
- Future 138kV (Routing TBD)

**Generating Station**
- Diesel
- Hydro
- Sub-Station
- Wind
- LNG

**Transmission Lines**
- 138kV
- Less than 138 kV

#### OTHER MAP FEATURES

**Base Map Features**
- Communities
- Capital City
- Deep Water Port
- Mine
- Oil Producer
- Watercourse features
- Waterbody features

**Parks - Withdrawn Areas**
- Withdrawn from staking
- Not withdrawn from staking
- Interim withdrawal from staking

**Mineral Tenures**
- Coal Lease
- Coal License
- Quartz Claims

**First Nation Lands**
- Interim Protected
- Surface and Subsurface Rights
- Surface Rights
- Fee Simple

**Active Oil and Gas Dispositions**
- Exploration Licence
- Lease
- Permit
- Significant Discovery Licence
