AMENDMENT TO
YUKON QUARTZ MINING LICENSE QML-0001
Undertaking: Minto Mine

Pursuant to section 141(2) (a) of the *Quartz Mining Act*, Quartz Mining License QML-0001 is hereby amended to include the following:

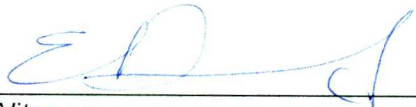

6.3 Phase IV Preliminary Activities

- 6.3.1 The Licensee is authorized to strip Area 2/118 pit of trees, organic material, overburden and residuum.
- 6.3.2 The Licensee is authorized to conduct preliminary activities to prepare the Mill Valley, including clearing area of trees, organic material, overburden and residuum, excavate material to expose bedrock at toe area of Mill Valley Fill, and place rock in toe area of Mill Valley Fill.
- 6.3.3 The Licensee is authorized to drill and use explosives in the Area 2/118 pit location to obtain waste rock for construction of stabilizing features.
- 6.3.4 The Licensee is authorized to construct any access roads or infrastructure required to conduct these new activities.
- 6.3.5 The Phase IV preliminary activities must be carried out in accordance with any conditions set out by the Chief of Mining Land Use.

This amendment will remain in effect until the amendment to QML-0001 for the overall Phase IV project is issued.
