September 14, 2009

Yukon Energy, Mines and Resources  
Oil and Gas Resources  
Suite 300, 211 Main Street  
Whitehorse, Yukon Y1A 2B2

**RE: Amendments to Yukon's Oil and Gas Act**

It is recommended that the consultation period be extended in order for the Yukon First Nations to be afforded a reasonable opportunity to submit written comments.

It is also recommended that the final drafting of the proposed amendments be reviewed by the MOA working group. This would be consistent with the process employed to develop the *Act* and its regulations.

Sincerely,

Simon Lapointe  
Manager of Planning/GIS

cc. Emmie Fairclough, Senior Manager of Lands Resources & Heritage
